

June 2024

Red Devon USA
PO Box 260
Kearney, MO 64060
816-652-2220
www.reddevonusa.com

Greetings!

May wrapped up Beef Month, however, every month and day is Beef focused for our producers. May also wrapped up the World Devon Congress! Stay tuned for pictures, reports and details about the tour and our guests.

As cattle are out to pasture and focus shifts to farming and hay production, things slow down in the office for DNA submission and registrations with our associations. Now is a good time to catch up on herd work and DNA testing while turnaround times are faster than through fall and winter.

DNA testing is now available through Neogen, orders can be placed directly through RDUSA, see the section below for additional details! There is a slight price increase with Neogen to account for upgrading the DNA technology used. We'll be happy to visit in detail, just give us a call or drop us an email. VGL is still accepted for your testing needs.

RDUSA is seeking members interested in hosting the annual RDUSA meeting this fall. If interested, please contact the office.

Happy Grazing,
Red Devon USA

Registry Facts & How To
